

Dear initiates,

It is with great pleasure we introduce to you an upgraded and even more secure system to process payments. This system will increase protection and automation for the user.

This is a letter will serve as an informed consent and permission, allowing us to use your card from **1 year** from the day you sign it. Your credit card details will be entered into a secure banking system by Chase and your card number will not be visible to anyone, with the exception of the last four digits.

This card will be used when you purchase products, register for classes and pay any administrative fees. However you will still send the appropriate form to allow for permission per transaction, indicating the card number's last for digits. For instance, sending in your Adept Fee Forms, Product Order Form, etc.

This is system will only be used when card is not present.

Please fill out the below portion of this letter and return back to the MMS INT Administrative Office.

Namaste,
Modern Mystery School Administration

By filling out the below portion, I give the Modern Mystery School permission to enter my credit card number into a secure system which enables the card to be processed for the fees as indicated by specified instructions for product orders, class registrations, administrative fees, etc., for a period of 12 months.
